

CPE CREDITS FOR MAKING MONEY IN TECHNOLOGY, MEDIA AND TELECOM

The *Making Money in Technology Media and Telecom* course is part of PSI's *Inside Technology, Media and Telecommunications*® curriculum, and help you understand how technology, media and telecom companies make money and track their own financial performance.

Course Objectives

Upon completing this course, students will be able to:

- Identify the sources of revenue and expense for technology, media and telecom companies
- Define key performance indicators (KPIs) used in the industry
- Recall sources of financial information
- Use financial information to better understand specific companies

Eligibility

If you are a CPA licensed in the United States, you may be eligible for Continuing Professional Education credit for this course. This course offers 1 CPE credit.

Performance Solutions International (PSI) is registered with the National Association of State Boards of Accountancy (NASBA), as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to NASBA through its website: www.learningmarket.org.

CPE Completion Requirements

To gain CPE credit, you must complete the course and prove successful completion by passing the Final Test (with a 70% grade or better) within one-year from date of purchase. PSI will track your date of purchase and completion date and enforce this policy. If your company licenses the program and it is hosted with PSI, PSI will track your initial log-on date and only award CPE credit if you complete the course and pass the test within one year of the first time you've logged onto the course.
